The conference theme was "Innovation, Transformation, and Sustainability," and the program featured a wide range of sessions on topics such as:

- Service innovation and design
- Service management and operations
- Service engineering and technology

- Service sustainability and resilience

The conference also featured a number of special events, including a keynote address by Dr. Michael Porter, a leading authority on competitive strategy, and a panel discussion on the future of services.

SERVICES 2022 was a great success, with over 500 attendees from 30 countries. The conference provided a valuable opportunity for researchers, practitioners, and policymakers to share their latest research findings and insights on the future of services.

Conference Highlights

Some of the highlights of the conference included:

- The keynote address by Dr. Michael Porter, who discussed the importance of service innovation for economic growth.
- A panel discussion on the future of services, which featured experts from academia, industry, and government.
- A number of breakout sessions on a wide range of topics related to service science, management, and engineering.
- A poster session featuring the latest research findings from students and early-career researchers.
- A number of networking opportunities, including a welcome reception, a conference dinner, and a coffee break.

SERVICES 2022 was a great success, and the conference organizers would like to thank all of the participants for their contributions.

The 13th International Conference on Services was a valuable opportunity for researchers, practitioners, and policymakers to share their latest research findings and insights on the future of services. The conference highlighted the importance of service innovation for economic growth and provided a forum for discussing the challenges and opportunities facing the service sector.

The conference organizers would like to thank all of the participants for their contributions and look forward to continuing the conversation at future Services Conferences.
